PRODUCT OVERVIEW

Enhance the appearance of any vehicle's front grille with this chasing LED grille lighting kit. This kit includes six chasing LED tubes, a Heise Connect Controller, an RF remote, cables, and hardware. It is designed to add brilliant backlighting to the front grille for a dramatic effect. The kit uses two circuits for a more vibrant illumination and works cohesively with all Heise chasing LED lighting as part of the Heise Connect Universe (HCU). This kit is controlled using the included RF remote or the Heise Connect app, available for download on smartphones and tablets. Users can choose from static color settings, 170+ color-changing patterns, DIY lighting patterns, music sync, and more. This LED lighting can be installed independently or combined with the Heise HE-CHASE-UNDGKT underglow kit to stand out from the crowd.

Features:

- Universal applications
