PRODUCT OVERVIEW

Quickly and easily expand any vehicle's Heise LED chasing lighting system or replace damaged rock lights with these rock light expansion packs. These kits can be paired with virtually any Heise LED chasing product and includes four daisy-chainable rock lights, four curved rubber-covered mounting bases, four 10-foot extension cables, and a drill template. These lights can be paired with the Heise Connect controller, sold separately, and can be controlled via the free Heise Connect mobile app.

Each kit includes:

- (4) Chasing rock lights
- (4) Curved rubber-covered mounting bases
- (4) 10' extension cables
- Drill template
- Aluminum alloy mounting hardware
