PRODUCT OVERVIEW

Maintain your lighting system and keep it operating at peak performance with this convenient set of wheel ring backbone Y harnesses. These sets let installers replace damaged cables without the need to purchase a complete lighting kit. These harnesses can also be used to design your own custom lighting system by connecting rock lights or other devices. These sets are designed to work cohesively with all Heise LED RGB/RGBW/CHASING lighting as part of the Heise Connect Universe (HCU).
