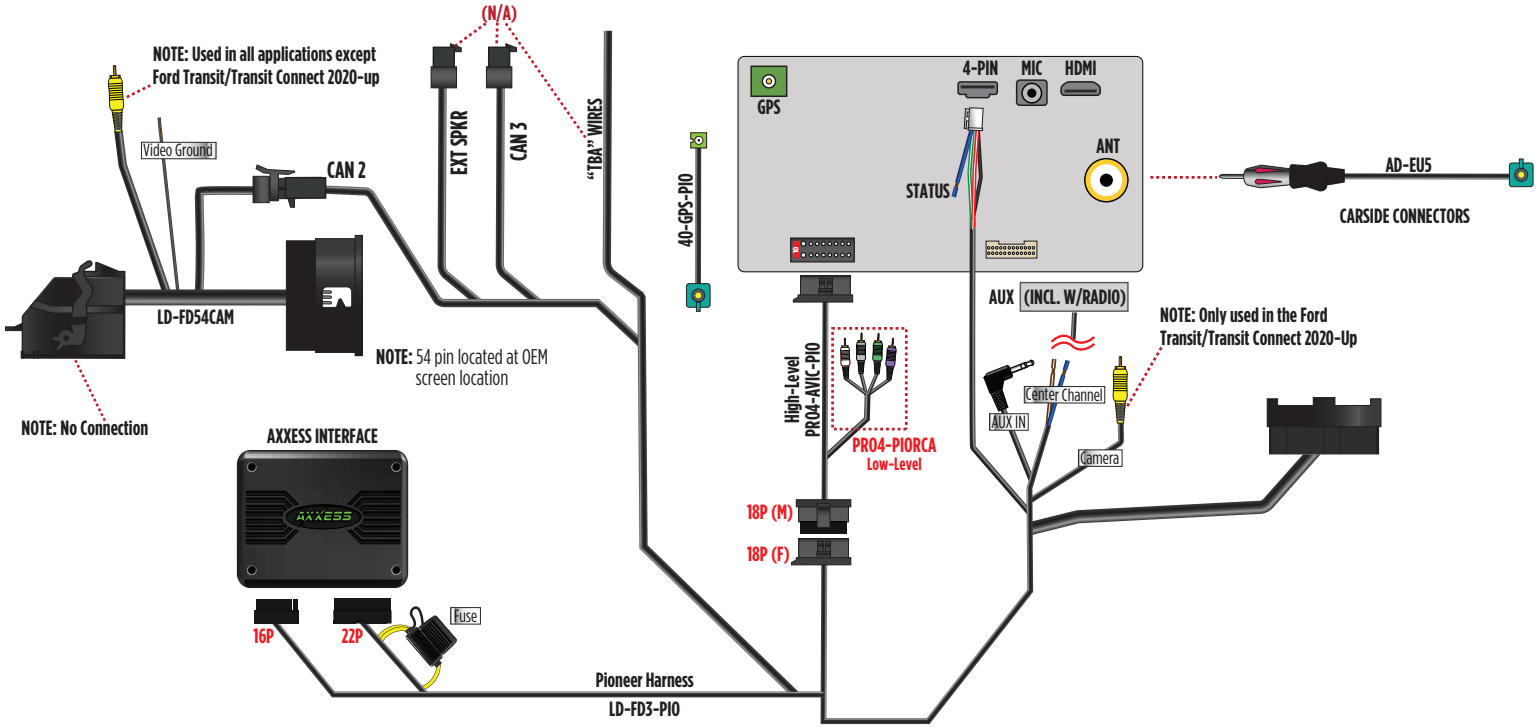
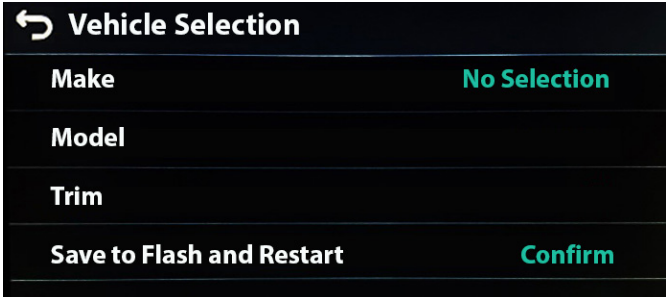
AXXESS WIRING INSTALLATION



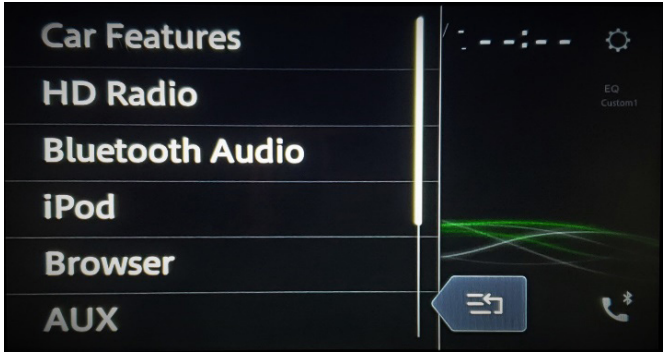
RADIO PREPARATION

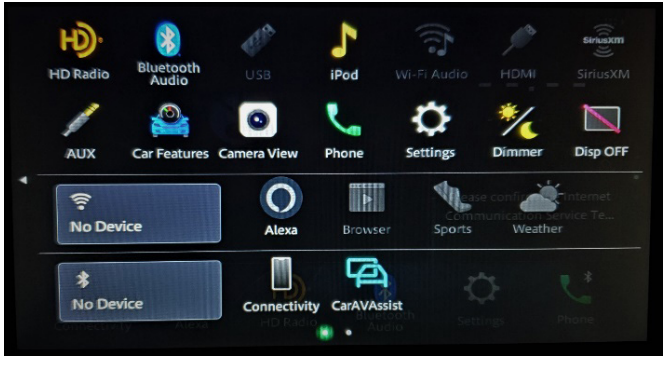
Vehicle Selection – Allows you to select the vehicle the radio is being installed in.

- Vehicle type must be selected to activate menu & HVAC functions, as well as steering wheel controls. Press **Make** to change the vehicle type. Then press **Confirm**. The radio will then reset and lock in the selected vehicle.



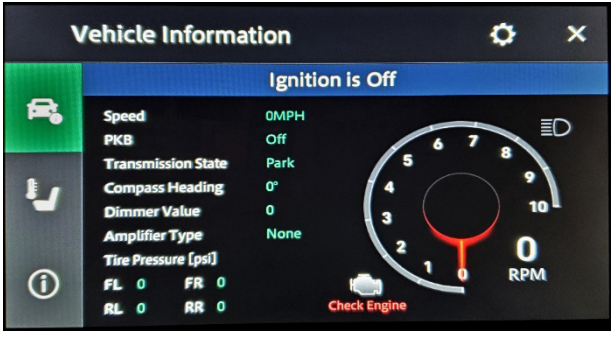
Car Features – The source for accessing all vehicle information and options.





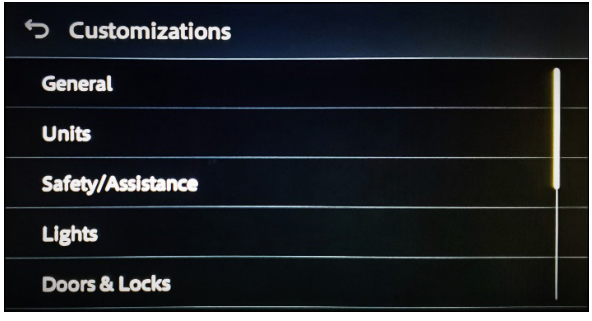
HVAC Operation – HVAC Status and Control Screen.

Vehicle Info Screen – Displays various information of the vehicle (TPMS, Park Position, Lights).



Customizations Menu – Allows full control of vehicle personalization options.

- Access this menu by selecting the gear icon on the previous screenshot.



About Screen – Feedback screen for interface software information.
