CAUTION: Metra recommends disconnecting the negative battery terminal before beginning any installation. All accessories, switches, and especially air bag indicator lights must be plugged in before reconnecting the battery or cycling the ignition.

NOTE: Refer to the instructions included with the aftermarket radio.
Dash Disassembly

Note: Parts 82-1011, 82-1012, 82-1013 installation directions cross reference. Use the following instructions for each dash location.

1. Remove (2) Phillips screws securing the speaker grille panel. (Figure A)
2. Unclip panel and remove. (Figure A)

Continue to kit preparation

Kit Preparation

1. Mount aftermarket speaker to the speaker adaptor plate with the screws supplied with the speaker. (Figure A)

Continue to kit assembly
Kit Assembly

1. Locate the factory wiring harness in the dash. Metra recommends using the 72-6512 speaker harness to connect to the factory wiring.

   **Note:** For some speakers a small cut in the factory speaker support may be necessary.

2. Mount the assembly to the dash location with the (4) supplied #8 x 1/2” Phillips screws.
