PRODUCT OVERVIEW

Add an unobtrusive, rear-view backup camera that matches your vehicle's factory tailgate with iBeam's new replacement tailgate handle camera.

A 150 degree viewing angle with 0.5 LUX night vision and defeatable parking lines offer added visibility for drivers to see what's behind them. A 1/3 inch CMOS camera provides a sharp, clear picture during the day or night. A 26 foot harness is included to connect the camera to your aftermarket radio (radio not included) for video input.

- **1/3" CMOS camera**
- **150 degree viewing angle**
- **Replaces the OEM tailgate handle**
- **0.5 lux night vision**
- **Defeatable parking lines**
- **26 foot harness included**
