# AXXESS WIRING INSTALLATION

# RADIO PREPARATION

**Vehicle Selection** – Allows you to select the vehicle the radio is being installed in.

- Vehicle type must be selected to activate menu & HVAC functions, as well as steering wheel controls. Press **Make** to change the vehicle type. Then press **Confirm**. The radio will then reset and lock in the selected vehicle.

**Car Features** – The source for accessing all vehicle information and options.

## RADIO PREPARATION (CONT)

**HVAC Operation** – HVAC Status and Control Screen.

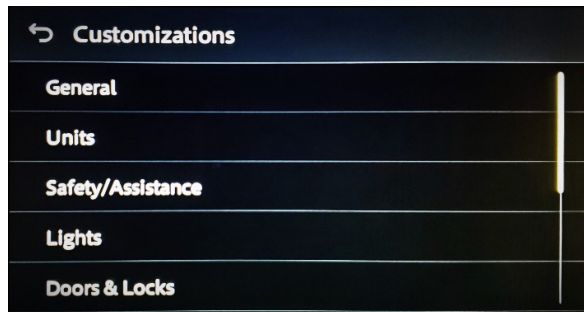

**Vehicle Info Screen** – Displays various information of the vehicle (TPMS, Park Position, Lights).

**Customizations Menu** – Allows full control of vehicle personalization options.

- Access this menu by selecting the gear icon on the previous screenshot.

**About Screen** – Feedback screen for interface software information.
